Brian,

Here is a request for an informational interview regarding the Snoqualmie Tribe analysis as described in the email message below. Do you know who would be the best person for them to talk with?

Thanks, Barbara

Hi Brian and Barbara,

I got an out-of-office response from Catherine listing you two as resources for tribal water issues. I am hoping one of you can help me.

Thanks so much!

Jennifer

Subject: Informational interview regarding Snoqualmie Tribe analysis

Hi Catherine,

My name is Jennifer Price and we are working with the Snoqualmie Tribe, conducting a high-level analysis of wastewater treatment options for them, including leaving their current relationship with the City of Snoqualmie and looking at providing their own wastewater treatment or possibility working with the City of North Bend. This is a very cursory, initial feasibility analysis. But we would like to get a better understanding of the regulatory issues with each of these options. Do you have time next week to discuss this? And if you are not the right contact person, could you point me in the right direction?

Thank you very much!

Jennifer
